## CLARA SMITH HAMON ACQUITTED BY JURY

### VERDICT IS REACHED BY JURY AFTER BEING OUT FORTY MINUTES

Only One Ballot, That Secret One  
Was Taken--Defendant Weeps  
As Clerk Reads Verdict In  
Court--Defense Attack Hamon's  
Estate In Closing Arguments.

ARDMORE, Okla., March 17.—Following forty minutes' deliberation by the jury, which received the case at 4:30 p. m., Clara Smith Hamon was today acquitted of a charge of having murdered Jake L. Hamon, Republican National Committeeman and Oklahoma millionaire.

B. F. Laughridge, 73 years old foreman of the jury, said only one ballot had been taken, a secret one, confirmed by rising vote.

News of the jury's action was communicated to Clara Hamon fully seven minutes before the verdict was announced in court, yet when the foreman handed the jury's decision to the clerk, who read it aloud, she gasped audibly and dropped forward in her seat, to be surrounded immediately by members of her family and friends. Tears came to her eyes as she thanked the jurors who had absolved her of the crime.

"I am the happiest woman in the world," she exclaimed, allegedly saying statements of Mr. Hamon, in which he was quoted as having said that he had been shot by Clara Hamon as he lay on the bed in his room, the two had occupied for several years in an Ardmore hotel.

Mr. Hamon declared, in testimony to have said that Clara Hamon came to his bedside and fired the bullet into his body with the tiny automatic pistol held in her right hand.

Clara Hamon's defense was built around a plea of self-defense and justifiable homicide. Two days ago she told in loud voiced, tragic tones of the events of the day and night of November 21, which ended in Mr. Hamon being shot.

She did not deny that she pointed the pistol at him, but asserted the weapon was discharged when Mr. Hamon struck her with a chair and that the bullet was fired as the chair hit the pistol or as it fell from her hand under impact of the blow.

That part of her story was the subject today of Attorney General Freling's effort in the closing argument for the state to break down her plea of self-defense. He took the pistol in his hand to show the jury that it could not be discharged by a blow and that if a hand holding it was struck the muzzle of the weapon would fly up, whereas the course of the bullet thru Mr. Hamon's body was downward.

Attack Hamon Interests

The defense bitterly attacked the Hamon interests in closing arguments, alleging a fight on Clara Hamon by the Hamon millions, in which the millions of associates were allied.

Only once during the trial, which when it began, was said by interested persons to be fraught with possibilities for sensational testimony and national political revelations, was the subject of politics brought out.

This was when W. B. Nichols, former chief of police of Oklahoma City and business associate of Mr. Hamon, testified that the dying man had given him the names of several friends in whose interest he should go direct to President Harding.

During his appeal to the jury today, James H. Mathers, county attorney, asserted that Clara Hamon had, thru her business intuition, aided in building up the millions now "being used to prosecute her."

On the witness stand, Mr. Ketch testified that he owned, with Clara, a motion picture show, and that she was interested in several projects now under jurisdiction of the Hamon estate.

Clara testified that from these business enterprises she had received only \$125 since she shot Mr. Hamon and that she had pawned diamonds given her by Mr. Hamon to pay expenses of her trial.

It was brought out that Clara Hamon had made a statement that she believed Mr. Hamon made a will in which provision was made for her, and that it was being kept secret until after the trial.

Tonight her attorneys were uncommunicative as regarded rumors and reports that they, in view of the young woman's acquittal today, intended immediately to bring suit against the Hamon estate for an interest for her.

### ALLIES DECISION ON REPARATIONS MEETS APPROVAL

French Chamber Approves it by Vote of 491 to 66

### BRIAND SAYS GERMAN VIOLATED TREATY

Paris, March 17.—Decisions of the London reparations conference, occupation of German cities and application of the allied economic penalties on Germany were approved by the chamber of deputies today by a vote that was virtually unanimous except for the socialists and communists. The vote was 491 to 66.

Premier Briand replying to former minister of finance Klotz and former minister of war Lefevre, who respectively insisted upon further light as to the government's intentions were the execution of the treaty and securing the disarmament of Germany, answered Germany's protest to the league of nations against the allied occupation on the ground that it was a violation of the treaty. He called attention to the fact that at the time his protest was sent, Germany had refused to execute the clause calling for payment of twenty billion gold marks.

Germany Violated Treaty.

"Germany," he said, "has violated the treaty in three essential clauses—disarmament, reparations and the trial of accused officers. Thus the sanctions as provided for in the treaty are applicable and just."

The allied commission of control, he declared, was working under the advice of Marshals Wilson and Foch and might be depended upon to satisfy the requirements of M. Lefevre as to the disarmament of Germany.

M. Lefevre said that since he declared in a previous debate that Germany was making a new machine gun capable of shooting fifteen hundred bullets a minute, its existence had been proven.

The guns had been found in Koenigsberg, he declared, along with a new type of six inch cannon. M. Lefevre asked Premier Briand to accept a resolution calling for permanent allied control of the manufacture of arms and munitions in Germany. The premier said it was impossible to accept the proposal as such a body was not provided for in the treaty.

### UNABLE TO ATTEND BIG MASS MEETING

Wires Greetings to Commander of American Legion

By The Associated Press

NEW YORK, March 17.—President Harding today telegraphed Commander F. W. Galbraith, of the American Legion, that he will be unable to attend the All-American mass meeting here tomorrow night, in protest against the "Rhine horror" mass meeting of two weeks ago.

"It is a pleasure," wired the president, "to comply with your request for a word of greeting to the All-American mass meeting to be held in Madison Square Garden on the evening of March 18."

"I am not unfamiliar with the purposes of the gathering and am glad to give you my cordial endorsement. I hope you may have a great outpouring that shall voice the best and most determined ideals of American patriotism."

### WRESTLING MATCHES DECIDED IN CHICAGO

Chicago, March 17.—Ben Ruben, of Chicago, tonight defeated Steve Redzicki, also of Chicago, in straight falls in a wrestling match tonight. Ruben won the first fall in 15 minutes with a toe hold and the second in nine minutes with a hammer lock.

Jack Reynolds, of Cedar Rapids, threw Ed Danks, of Grand Rapids, Mich., in 16 minutes 30 seconds, with a toe hold. Danks conceded the second fall because of an injured arm.

### NEW YORK IRISH DISPLAY FEALTY TO NEW REPUBLIC

Much Bitterness is Shown Toward England in Banners

### MONSIGNOR PROTESTS—ONE OF BANNERS

By The Associated Press

NEW YORK, March 17.—Turning their annual St. Patrick's day celebration into a mammoth demonstration of fealty to the Republic of Ireland and bitterness toward England, thousands of New York's Irish marched up Fifth Avenue today in a parade that lasted more than three hours.

Rainbow division veterans of the 69th National Guard regiment, known as "the fighting Irish" marching in their service uniforms and carrying rifles held the place of honor in the long parade. Fluttering above them were the stars and stripes, the regimental standard and blue silk banners with rainbow centers, while for miles to the rear the scores of Irish organizations and bands came tramping along with the green, white and gold flag of the Irish Republic.

The paraders were reviewed by Mayor Hylan, former Governor Smith and a number of Catholic clergy, including the Rev. Francis P. Duffy, chaplain of the "fighting sixty-ninth."

Stinging Sentiments Displayed.

Some of the most stinging sentiments against England were carried by the women's organizations. One poster read: "England, damn your concessions—We want our country," and another described, "English civilization in the twentieth century" as the "torch, the bullet, the scaffold."

A placard carried by marchers which read: "As much religion as you like from Rome, but no politics," brought protests to the committee in charge of the parade from Monsignor Livingston, who was described as the official representative of Archbishop Hayes and Father Duffy.

The committee disclaimed all responsibility for the poster. "I certainly did make a protest," Monsignor Livingston said, "but I know the committee was not responsible and realize that irresponsible persons slipped it into line."

### EDWARD CLIFFORD IN LINE FOR BIG JOB

Former Resident May Be Commissioner of Internal Revenue for Chicago District

WASHINGTON, March 17.—Appointment of Edward Clifford, of Evanston, as commissioner of internal revenue for the Chicago district, has been recommended to President Harding by Senators McCormick and McKinley, of Illinois, also has backing from the state for the commissionership.

Mr. Harding, so far as could be learned today, has not decided on the appointment.

### WANT EVERY POLITICAL PRISONER RELEASED

Chicago, March 17.—The Socialist party, thru its national office in Chicago issued the following statement upon receipt of information that President Harding had instructed Attorney General Daugherty to review the case of Eugene Debs:

"We are satisfied that both Mr. Daugherty's recommendations and the president's action thereon will be favorable and that Debs will be released in the near future. However, this will not alter the plan of the party for a general amnesty campaign, and we will make every effort to obtain the release of every political prisoner no matter how obscure he may be."

### WHOLESALE LIQUOR DEALERS' FUNERAL TO BE HELD MAY 15

Will Be Put to Official Death By Commissioner Kramer

### RETAIL DRUGGISTS TO GET SUPPLIES

By The Associated Press

WASHINGTON, March 17.—The wholesale liquor establishment, brother of the bar, will be put to death May 15, under sentence pronounced today by Prohibition Commissioner Kramer. Altho an opinion rendered by Attorney General Palmer last December said the wholesaler had no legal right to continue in business, internal revenue and prohibition officials decided to grant some time in which he could unload stocks without too heavy monetary loss. But Mr. Kramer's announcement today made it clear there would be no further extension of time and that execution of the sentence would be carried out.

Druggists to Get Supplies.

Mr. Kramer opened the way for the retail druggists to obtain supplies for prescriptions removing the ban on withdrawals from bonded warehouses. For several months such warehouse doors have been closed. The order today makes it possible for the retail druggist to transact business direct with the bonded warehouses. Wholesale druggists will be taken care of later. Mr. Kramer indicated by granting them similar privileges.

Dealings between retail druggists and other purchasers and the bonded warehouses later will be limited by regulations which officials declared would be drastic enough to satisfy the most ardent dry advocate.

### NEW GOVERNMENT REPUDIATES BIG OIL CONCESSIONS

Costa Rican Government Cancels Grant Held By British

### WILL TRY TO ENFORCE CLAIM

By The Associated Press

WASHINGTON, March 17.—A concession involving approximately 7,000 square miles of potential oil fields in Costa Rica, granted by the old Tinoco government and held by British interests has been repudiated by the new Costa Rican government.

Advices today to the state department said the Costa Rican congress on March 7 voted against recognizing this grant. The concession originally was obtained by Amory and Sons, an American concern, and held to the British interests, reported to include the son of Lloyd George.

Will Try to Enforce Claim.

Neither Great Britain nor the United States recognized the Tinoco government but they have recognized the new government. Great Britain, according to the advices has undertaken to enforce the claim, bringing pressure to bear and threatening trade retaliation.

It was said today that the American government had taken no action with regard to the concession. Its position is understood to be that it could not protest against the granting of an oil concession to British interests by Costa Rica while it was demanding equal treatment for citizens of all countries in Mexico and others for enemy possessions for which mandates have been granted.

### MILLER MAY BE JAP AMBASSADOR

Washington, March 17.—Ransford S. Miller, consul general at Seoul, Korea, is understood to be among those under consideration for appointment as ambassador to Japan to succeed Roland S. Morris.

Mr. Miller is a native of Ithaca, N. Y., and has been in the service since 1906, when he became secretary and interpreter to the embassy at Tokyo. Before that he was secretary of the Y. M. C. A. in Japan for four years and has twice been chief of the state department division of Far Eastern affairs, his first service as such having been under the Taft administration.

### FORMER RUSSIAN PREMIER MAKES STRONG PROTEST

Kerensky Opposed to Russo-Polish Treaty Now Under Way

### TAKES TERRITORY AWAY FROM RUSSIA

By The Associated Press

NEW YORK, March 17.—A strong protest against the Russo-Polish peace treaty about to be consummated in Riga, Latvia, was contained in dispatches received today by the Russian information bureau, from Alexander F. Kerensky, former premier in the provisional government of Russia now in London.

Kerensky termed the peace one of oppression and national subjection, saying:

"Under the provisions of the Riga treaty Poland obtains in addition to an beyond the Curzon line established by the peace conference, fifteen counties of the provinces of Volhynia, Grodno, Vilna and Minsk in their entirety and parts of eleven counties in the provinces of Volhynia, Minsk, Vilna and Vitebsk.

### Large Area Taken

"The total area of land taken away from Russia is about 140,000 square kilometers (approximately 54,000 square miles). This territory is inhabited by about seven million peoples of whom not more than 400,000 or six per cent are Poles. The fact that the Poles constitute only a small minority on this territory was acknowledged by the Polish delegation in Riga.

"The Riga peace is not a peace of compromise, as Poland's official representatives claim but a peace of oppression and national subjection. Not only is it a source of great trials for Russia, not only is it capable of causing new calamities to Poland, but in this peace there is also a serious menace for the peace and tranquility of all Europe if the allies should assume the responsibility for it together with the Poles."

### NATIONAL STRIKE IS FAVORED BY EMPLOYES

Vote Is Almost Unanimous in Favor of Such Action—Charge Packers With Trying to Precipitate Strike

By The Associated Press

Chicago, March 17.—An almost unanimous vote in favor of a national strike in the packing industry was cast throughout the country, according to union officials who began to count the ballots tonight. Definite returns are not expected before tomorrow.

While no definite reports of the result of the strike vote have been received due to the fact at some of the large packing house centers such as Chicago, Kansas City and Omaha, night shifts and others were still voting today, said Dennis Lane, of the Amalgamated Meat Cutters and Butcher Workers' Union, "I have information from practically all points that the sentiment seems unanimous in favor of authorizing a strike in the event that the government fails to have the packers return to the war time arbitration agreement."

Mr. Lane sent a telegram to Secretary Davis, repeating previous charges that the packers were trying to precipitate a premature strike and they had threatened to discharge employees who failed to support the industrial democracy plan recently put into effect by Armour and Co.

Mr. Lane appealed to Secretary Davis to use his influence to prevent an open break before the conference between himself and representatives of the packers and employees in Washington on Monday.

The packers denied Mr. Lane's charges.

### STECHER WINS

Chicago, March 17.—Joe Stecher, of Nebraska, won a one-fall wrestling match tonight from Renato Gardina, of Italy. The fall made in one hour, 43 minutes, was secured with a body scissors and a half Nelson.

### STATES ATTORNEY DISMISSES CASES AGAINST WHITE SOX

Robert E. Crowe, Cook County Prosecutor, "Passes the Buck"—Places the Blame for Collapse of Cases on His Predecessors in Office—Promises Further Investigation

By The Associated Press

CHICAGO, March 17.—Immediate prosecution of Chicago White Sox baseball players and others indicted in connection with the alleged throwing of the 1919 world series collapsed today when the state, charging corruption of its chief witnesses, dropped the cases against seven players and Judge William E. Dever took others off the court call.

Tonight, however, the state plunged into the task of preparing a new case with announcement that the matter would be placed in the hands of a grand jury again tomorrow and indictment of the players sought.

Robert E. Crowe, state's attorney, took charge of the case today and announced he would handle it from now on. He ordered the cases dismissed after his plea for six months in which to gather new evidence had been denied by Judge Dever and May 2 set as date for trial.

### WIRELESS SAYS ALL IS QUIET IN SOVIET RUSSIA

Says Reports in European Press is Campaign of Lies

### RISINGS REPORTED WHERE QUIET PREVAILS

By The Associated Press

NEW YORK, March 17.—The magazine Soviet Russia, today made public a wireless dispatch signed by George Tchitcherin, commissar of foreign affairs in Moscow, asserting that the Kronstadt rebellion was daily changing in favor of the soviet forces.

The message, dated March 14, which the magazine said had been received via Christiania, continued:

"Our deliberate action corresponds to a strictly pre-determined plan to preserve the fortress and avoid unnecessary bloodshed. In information we have received confirms previous reports of the constant disintegration of the Kronstadt garrison. The feeling at Moscow and Petrograd, as everywhere else, is quiet. The unprecedented campaign of lies in the European press deserves attention. Alleged risings have been reported in at least a dozen towns, where in reality complete quiet prevails."

"This campaign of lies is obviously a pre-concerted plan. It is necessary for us to indicate the responsibility of foreign governments for this campaign, which evidently was inspired from above and planned by an invisible center without. We consider it a hostile act."

### DISCONTINUE TRAFFIC ON ARKANSAS ROAD

Little Rock, Ark., March 17.—Traffic on the Missouri and North Arkansas Railroad was discontinued today, according to a message from C. A. Pielan, general manager and receiver, to District Judge Triebel, which said that the action was taken because of interference and lawlessness.

Union employees of the road have been on strike since last month.

### EFFORTS TO SETTLE STRIKE FAILS

Sioux Falls, S. D., March 17.—An effort to bring about a settlement of a strike of 700 employees at the John Morrell Packing company here failed today when strikers at a mass meeting voted unanimously not to accept the terms offered by the company.

State's Attorney Crowe tonight placed blame for the collapse of the case on his predecessors in office, charging they had handled it improperly, on an alleged conspiracy which he said had defeated justice and corrupted Joe Jackson, Eddie Cicotte and Claude Williams, the men who confessed to the grand jury and announced that he planned to go before the grand jury tomorrow to seek new indictments.

He pledged himself to "use every means to bring the guilty persons in this case to justice," declaring that many "guilty persons had not been indicted by the grand jury and that important witnesses were excused from answering questions which would have brought the real conspirators to justice."

Mr. Crowe's action today released Joe Jackson, Eddie Cicotte, Claude Williams, Buck Weaver, Oscar Felsch, Swede Risberg and Fred McMullin from custody of the law, their cases being dismissed. The cases against "Chick" Gandil, Hal Chase, Joseph L. Sullivan, Charles Brown, Abe Attell and William Burns, the latter charged with engineering the alleged world series deal were brought up again. The cases dismissed were those of the men who had surrendered and given bail. There was little prospect of the men returning to baseball all being unconditionally released and on the ineligible list.

Says Evidence Was Stolen.

Mr. Crowe today told Judge Dever that grand jury testimony had been stolen and that a conspiracy had hampered the state's point. He demanded six months to gather new evidence.

The men indicted are still under a ban of silence and their attorneys forbid them to talk for publication until the statute of limitations expires.

Mr. Crowe's statement explaining why he dropped the cases, follows in part:

"The investigation before the grand jury which returned these indictments was conducted by my predecessor in office. When I became state's attorney on December 6, there existed in Cook county a reign of terror by murderers, gunmen, burglars and other criminals."

"Shortly after February 1, I directed my second assistant, George E. Gorman, to have the so-called baseball cases set for trial at the earliest possible date and the trial was set for March 11. We were amazed to find that the investigation of this crime conducted by my predecessor before the October grand jury was not a full investigation and that witnesses were permitted to withhold material evidence and were excused by the state's attorney from answering questions which would uncover the entire conspiracy. We were further amazed to learn that all the testimony before the grand jury, and reduced by the state's attorney's office to writing, was being publicly offered for sale by a New York newspaper syndicate."

"We then learned that Cicotte who had testified before the grand jury that he was a party to this conspiracy and had received \$10,000 as his share of the spoils, and that Claude Williams and Joe Jackson, who testified that they had received \$5,000 apiece in payment had been corruptly or otherwise brought under the domination of other defendants who had not testified and were refusing to testify before a Cook county jury upon testimony before the grand jury."

The government has been liberal in its expenditures for vocational training for soldiers, the report of the bureau showing that \$50,000,000 has been used for this cause. If the money has been judiciously expended, certainly the sum has been ample to insure the ex-service men the educational care to which they are entitled.

Some statistician has been complaining because the nation's ice cream bill is \$250,000,000 annually and the bill for candy last year ran to a billion and a half. But the manufacturers have the well founded argument to present that the food elements in these products should take them out of the luxury class.

Following the requirements of the law hundreds of people, it is said, filed returns indicating that they owe the government income taxes. Yet these same people were unable to make payment because of the lack of funds. In some cases thru non-employment in recent months. Now just how is the government to proceed in cases of this kind?

Mr. Comiskey cast away a small fortune when he discharged all ball players on whom rested the faint of suspicion in connection with the world series scandal. This action on the part of the baseball manate took some courage. On the other hand it may be a case of casting bread upon the water, for the pre-emptory dismissal of these expert

players is a fine bit of publicity, as it helps prove to the public the firm intention of the club owner that baseball shall be kept clean and fair.

Coal purchasing agents for big consuming companies in Chicago recently argued before the utilities commission that the railroads should grant a summer freight rate on coal. They maintained that lower rates would be of advantage to the roads, to the mines and the public, as they would tend to increase summer business and so relieve the extra pressure that always comes in the late fall and winter months. The argument is sound and certainly heavier movement of coal in the summer months is of advantage to the consuming public as a whole.

W. G. Bieri, president of the Chicago & Alton railroad, seems to take a more general part in public affairs than do most railroad officials. Further, Mr. Bieri seems to have a genuine interest in the welfare of the system employees. Possibly that is the reason that he recently appeared before the state legislature to present argument in favor of the bill designed to curb profiteering landlords. Ordinarily this would not be a matter which the legislature should properly consider, but the unfair advantage that some landlords have taken of the shortage of housing has changed usual conditions.

Mr. Bieri evidently takes this view of the matter.

NEW DEAL IN THE POSTOFFICE DEPARTMENT

Will Hayes, new postmaster general, bids fair to put more of the human element into the operation of his department than has existed there for some time past. The other day for the first time in eight years, representatives of the employees association were in consultation with the postmaster general concerning certain service matters. The human element enters so largely into the efficiency of the postoffice department that the course of the postmaster general in the endeavor to bring about closer working relations

ships should result in better service.

That there is a new "Deal" in the postoffice department by comparison with the Burleson method is apparent from these sentences, taken from a recent statement by Mr. Hayes: "The postal establishment is not an institution for profit or politics; it is an institution for service; and it is the president's purpose that every effort shall be made to improve that service. Every effort shall be made to humanize that industry."

"Labor is not a commodity. That idea was abandoned 1921 years ago next Easter. I know that with 300,000 men and women pledged to serve all the people and honestly discharge that duty, fairly treated and properly appreciated, all partners with us here in this enterprise, we can do this job. It's going to be done."

Go to HERMAN'S today. Another shipment of coats and suits will arrive this morning.

MINSTREL PROGRAM IS GIVEN AT WINCHESTER

Second Annual High School Band Minstrel Given Thursday Night in Creditable Manner — Other Winchester News.

Winchester, March 17.—The second annual high school band minstrel was given at the Lyric theatre Thursday evening before a large and appreciative audience. The program was carried out as announced in Sunday's Journal. The minstrel program and the band concert which followed it were received with hearty applause, the closing number, "A Rural Celebration," being especially well received.

The band is but two years old and last night's performance gave ample proof of the work which the boys have done under the capable leadership of F. R. Waters, the director. Mr. Waters and the boys deserve great credit for the excellent showing made, and the audience last night was not slow in voicing its approval of the performance.

The program is to be repeated tonight and it is the hope of those in charge of the undertaking that an audience as large as that of Thursday night will greet the boys on their second appearance.

Mrs. James Rough celebrated her eightieth birthday Thursday in a very quiet but pleasant way with just the members of her family present. At noon a bountiful dinner was enjoyed, a large cake bearing 80 lighter tapers, occupying the center of the table.

Miss Kate Watt entertained twelve ladies at 2 o'clock luncheon at her home on North Main street Thursday afternoon. A splendid menu was served and the occasion was a very pleasant one for all present.

William Brown and wife have moved into the rooms over the Longnecker store.

Mrs. Lee Cunningham gave a dance Thursday night in the Legion hall which was attended by about 100 couples. The evening of dancing was thoroughly enjoyed.

Miss Irene Miller of Jacksonville is a guest of her sister, Miss Marian Miller of the high school faculty.

Mr. and Mrs. Harry O'Donnell entertained a number of their friends at their country home southeast of town Thursday evening. About sixty were present. Those from out of town were Mrs. Marie and Bert Aschauer, Misses Lucille and Rose Hogan, all of Springfield; Mr. and Mrs. Edwin Dunn of Springfield; Mr. and Mrs. Flynn of Murrayville. Cards and dancing were enjoyed and at a late hour a buffet lunch was served.

George Entrick received a message Thursday announcing the death of his mother, at her home in Pennsylvania. Mr. Entrick left for the east Thursday night.

WILL APPEAR BEFORE STATE PARDON BOARD

State's Attorney Robinson Will Resist Application for Release of Edward McCollister.

Notice has been given that Edward McCollister, who is in the Morgan county jail, will apply to the state board of pardons for his release. State's Attorney Robinson was yesterday served with official notice of the application and hearing. It is understood that the case will come before the board today and Mr. Robinson will go to Springfield to oppose it.

The petition sets forth that McCollister, who was convicted in the county court on a charge of assault, did not take the witness stand and that he is innocent of the charge. It is further recited that he is now kept in the cage at the county jail and is so closely confined that his health is breaking under the strain.

State's Attorney Robinson will tell the pardon board of the escape of McCollister from the jail and his rearrest and also of two unsuccessful attempts to escape.

INSIST ON PANAMA COMPLYING WITH ARBITRAL AWARD

Text of Note Sent by Secretary Hughes Made Public

CHIEF JUSTICE WHITE MADE DECISION

WASHINGTON, March 7.—Firm insistence that Panama immediately comply with the provisions of the White arbitral award in settling its boundary dispute with Costa Rica was made in the note sent to aPanama by Secretary Hughes early this week, the text of which was made public today. Provisions of the treaty under which Panama and Costa Rica agreed to submit to the arbitration of Chief Justice White, their disputed boundary in the Atlanta side of the Cordilleras were cited by this government in support of its contention that Mr. White's jurisdiction had not been exceeded in the award, as claimed by Panama.

The cited States government further insisted upon observance by Panama of the previous award on the Pacific side made by President Loubet of the French Republic in 1900, and which it declared was "unequivocally accepted," by both Panama and Costa Rica in the Porras Anderson treaty of 1910.

"Notwithstanding this fact," the note stated, "the government of Panama has apparently taken no steps to fulfill its obligations to recognize the territory on the Costa Rica side of that line as subject to the jurisdiction of the government of Costa Rica."

ST. PATRICK'S DAY PROGRAM AT J. S. H.

Patients Under Direction of Miss Nellie F. Self Present Fine Program Thursday Evening.

The St. Patrick's day program given last night at Jacksonville State hospital was open to the public, and a large audience was present. The program was presented by hospital patients, under direction of Miss Nellie F. Self, and was one of the best which has yet been given at the institution. The hospital orchestra furnished some excellent musical selections, and Clarence Richardson served most acceptably as accompanist on the pipe organ.

The opening number was a song, "An Irishman's Experience," by James Allen. This was so well received that Mr. Allen sang as an encore, "Irish Jubilee." Other numbers on the program, all of which were received with hearty applause, were:

Songs, "Where the River Shannon Flows," and "That's an Irish Lullaby," Miss Dorothy Roberts. Song, "I'll Never Go Out with O'Leary Any More," Ben Turnbull.

Reading, "Irish Girl and the Telephone," Miss Margaret Carr. Song, "Mother Machree," Edgar Driesselman.

The main feature of the program was an Irish sketch, "The Homecoming" of Norah Hennessey, the words and music written by Thomas J. Hough. The cast of characters was as follows:

Norah Hennessey, a Winsome Irish Lass, Dorothy Roberts. Mrs. Hennessey, Wan If the Auld Skule, Mrs. McCune.

Pat Hennessey, Who loves His Daughter, Thomas J. Hough. Ned, One of the Boys of the Village, Edgar Driesselman.

Girls and Boys of the Village, Lee Grubb, James Allen, Gilbert Vasconcellos, Lolo Heckler, Eva Harvey, Anna Chandler, Margaret Carr.

"The Orchestra," Howard Hill, violin; Ben Turnbull, guitar.

One feature which was not on the announced program was a song by William Haven, "The Battle Cry of Peace." The words and music were written by Mr. Haven, and the number was one of the best of the evening's entertainment. The program concluded with an old Irish dance, very cleverly executed.

IOWA PASSES MORALITY LEGISLATION

Des Moines, Iowa, March 17.—Morality legislation featured today's session of the state legislature. The Maine bill raising the age of consent to 18 years and defining the crime of rape passed the house. The bill also carries provisions which practically abolish the double standard of morals. Eight other bills of minor importance were approved by the house. The senate passed seven bills.

CHURCH JANITOR CAPTURED BY POLICE

Minneapolis, Minn., March 17.—Taking refuge in the bell tower of a church here, late today, after he is alleged to have driven his uncle wife into the street, Philip Gagne, janitor of the church, held a score of policemen at bay for three hours with a pistol. After Gagne had emptied the gun, the police finally succeeded in reaching the tower. Gagne was taken to a hospital, where he is being held for observation.

GETS ORDER TO PREVENT ARREST

Toledo, Ohio, March 17.—A temporary restraining order preventing federal authorities from arresting George M. CELEBRATE FORTIETH WEDDING ANNIVERSARY

Mr. and Mrs. John W. Martin Observe Interesting Anniversary Thursday at Home Near Litterberry.

A celebration in honor of the fortieth wedding anniversary of Mr. and Mrs. John W. Martin took place at their home near Litterberry Thursday. The affair was in the nature of a surprise and was cleverly planned and executed by their children. A sumptuous three course dinner was served, the bill of fare including many toothsome delicacies, in the preparation of which the young ladies of the family are unsurpassed. Nor should mention of the three sons be forgotten, as they served the dinner with the greatest skill and alacrity.

The decorations in the dining room were red carnations and Easter lilies and everywhere the green touch of St. Patrick's day was conspicuous.

Mr. and Mrs. Martin are among the best known and most popular residents of Morgan county and they and their family hold a large place in Litterberry community.

There were ten guests present yesterday who witnessed the wedding ceremony forty years ago and many were the comments on the vast difference between road conditions on the two occasions. Forty years ago the sun was shining beautifully but the roads were almost impassable, the mud being so deep that it required six hours to make the trip of 13 miles with horses from the home of the groom to that of the bride. Yesterday the trip was made in forty minutes by automobile.

The day yesterday was spent with music and in social conversation and the hour for saying goodbye came all too soon. All left with the wish that Mr. and Mrs. Martin may have many more years of happy wedded life.

The company included Mr. and Mrs. John Salyers, Monticello, Mr. and Mrs. Martin Robinson and daughter, Mrs. Pearl McClure; Mr. and Mrs. Harrison Robinson and son Marshall; Mr. and Mrs. Walter Robertson of Prentice; Mr. and Mrs. Al Fbster of Jacksonville; Mr. and Mrs. Charles Martin, James Martin, Miss Lou Martin and nephew, Murray Martin of Jacksonville; Mr. and Mrs. Harry Martin and son George; Mr. and Mrs. Clyde Martin and son Gene of Sinclair; Miss May Martin and Floyd Martin at home.

William Cocking has returned from DeWitt county, where he was awarded the contract for 850,000 gallons of road oil. The oiling will be done in Clinton and over a large area of country roads. Mr. Cocking, thru his operations last year, became one of the largest road oil operators in the state and he has advantageous connections with the producer. It will be remembered that last year one of his shipments coming from Oklahoma was an entire train load, said to have been the largest shipment of road oil ever made to one dealer.

SEEKS DIORCE FROM HUSBAND

A suit for divorce was filed yesterday by Mrs. Dollie Rhea from her husband, John Rhea. The complainant's bill was filed by Bellatti, Bellatti & Moriarty. It sets forth that the marriage occurred October 23, 1894, in Ma-coupin county, and that the home was maintained recently. Mrs. Rhea accuses her husband of continued cruelty. It is set forth in the bill that Mr. Rhea is the owner of between 450 and 500 acres of land and personal property worth \$30,000. The complainant seeks divorce, the custody of their son, Loren, and for a satisfactory financial settlement.

OUT OF THE CHORUS

OPEN THAT DOOR!—Crazed by jealous doubts of his beautiful wife who had once been a chorus girl, Ross Van Beekman rushed home one evening unexpectedly, and found another man's hat and stick on the hall table. He found his wife alone, but to make sure he fired five shots into the closet door and rushed from the room. Later a trail of blood was discovered leading from the closet door to an open window. This is the climax to one of the most thrilling and heart-stirring photoplays seen in many a month. ALICE BRADY plays the part of the chorus-girl wife with all her emotional fire.

M. R. Fitch now owner of Maple Dale

M. R. Fitch is now the owner of Maple Dale, the former home of the late Joseph Yingling, on the Mound road, a short distance outside the city limits. The property was purchased from the Yingling estate by Dr. Dorsey and within the past year became the property of J. O. Priest, who intended to make it his place of residence.

However, Mr. Priest's plans were changed and he has sold the property to Mr. Fitch, whose plans have not been made known, altho he and his family will probably reside there.

The brick building just east of the public library at the corner of College avenue and Sandy street, which has been owned by Mr. Fitch, was a part of the consideration for Maple Dale.

BIRTHDAY SURPRISE AT LITERBERRY HOME

Thursday was the birthday anniversary of Mrs. L. H. Maul and the occasion was most pleasantly celebrated at the Maul home in Literberry. A number of the friends of Mr. and Mrs. Maul went unannounced to their home and helped to make the occasion a memorable one. The evening was spent with games and music and before the hour of departure came some excellent refreshments were served. When the guests departed it was with the wish that Mrs. Maul may have many more such anniversaries.

WILL PRESENT OPERETTA

The members of the high school chorus have resumed practice on an operetta, which will be given in the near future. "Polished Pebbles" is the title of the operetta and it is one which the students were working on this winter, but owing to the illness of Miss Hopper, who directs it, the presentation was postponed. The operetta will probably be staged within the next two weeks, and it bids fair to be a very clever and entertaining play.

### CROP CONDITIONS IN GREENE COUNTY

Crop Outlook is Excellent According to All Reports—Soldier's Remains Enroute from France—Other News Notes

White Hall, March 17.—Vegetation has never been known to be as far advanced at this season as it is at the present time, and all kinds of farm work have made good progress. The bulk of the crop is already planted, planting operations having begun in February, and the condition of all kinds of crops is excellent. The condition of the ground as to moisture is good, there having been a sufficiency of rain all during the beautiful winter season. Aug. B. Smith, a G. A. R. veteran, stated at a soldier's dinner on Tuesday that the present winter had a counterpart in the winter of 1881-82, but the discussion failed to bring forward a single other knowing one who could vouchsafe the statement that the present winter has ever had an equal for moderation, and there are several people who have been intellectuals on the weather subject.

An 8-pound son was born to Mr. and Mrs. E. C. Roach Wednesday evening at the home of her mother, Mrs. Rachel Fitzjarrel. The Roach family resides at Jacksonville.

The remains of Lieut. A. C. Edwards are enroute from France, and are expected to arrive here the latter part of March, when will be held the largest soldier funeral yet held here.

Edwards was killed in action somewhere in France May 4th, 1918. Previous to going into the action he wrote a letter to his mother under a premonition that he would be killed, and this letter furnished one of the most illuminating pieces of literature growing out of the war. It was given front page positions and extensive editorial comment at the time. Edwards was born and reared at White Hall, attended high school at Roodhouse, and was practicing law at Carrollton at the time of his enlistment. His "death letter" to his mother, Mrs. Malinda C. Edwards of Carrollton, stipulated that he should be buried at White Hall, and his remains will lie in the shadow of the great soldiers' and sailors' monument at White Hall.

CARITAS LODGE CONFERRED DEGREE

Caritas Rebekah lodge held its regular meeting in Odd Fellows' hall, on West State street, Thursday evening, with a large attendance of members present. The Rebekah degree was conferred on a class of seven candidates and two members were admitted by reinstatement. The new degree staff, under the direction of W. P. Spillman, received many compliments on its splendid work. At the close of the meeting refreshments were served in the dining room and the evening was spent in games and dancing. The members admitted were Fred Henderson and Ethel Henderson, by reinstatement; Elizabeth Barr, Ruth Bradley, Mida Jane Brown, Mary Floreth, Wilma Williamson, Eunice Williamson and Opal Windmiller. Rebekah Italy day, celebrating the birthday of Schuyler Colfax, father of Rebekah Odd Fellowship, will be held Friday, March 25. A play will be given and a large attendance is expected.

BOY SCOUTS TROOP FOUR HIKES SATURDAY

Troop Four of the Boy Scouts, C. F. Ehlers, Scout Master, held its regular meeting Thursday night at the Central Christian church. At this meeting it was arranged that the troop would take its first hike of the season Saturday morning, all Scouts to meet at the church at 6 o'clock. Each boy is expected to carry sufficient food for his own breakfast, which will be prepared and eaten in the open.

Troop Four is in a flourishing condition and the boys are looking forward to the arrival of the commission for the Second Class Council, recently formed here, so they can take examinations for merit badges and deserved promotions.

Mr. and Mrs. Frank Brown were visitors from the Concord neighborhood Thursday.

James Genan, of Chapin, visited city friends yesterday.

### FRANKLIN YOUNG PEOPLE PRESENT PLAY

"The Country Minister" Presented Thursday Night By Sacred Heart Parish Young People—To Be Repeated Saturday Night.

"The Country Minister," a comedy drama, prepared by the young people of Sacred Heart parish, was presented in Marquette Hall, in Franklin, Thursday night. The interest in the production was such that every seat had been reserved by Thursday morning and there were 150 applicants for tickets who could not be accommodated. This fact resulted in the determination to repeat the play, and it will be presented for a second time Saturday night.

The play was well cast and all of the young people acquitted themselves with credit, giving evidence of both their ability and the earnestness of their practice work. Dennis Whalen was the manager of the production.

The cast of characters was as follows:

Rev. Ralph Underwood, the country minister, Richard Whalen.

George Heath, of the world at large, Morgan Ryan.

Jud Pardoe, a wreck on the ocean of life, Harold Ryan.

Timothy Hodd, who would rather whittle than work, Dennis Whalen.

Deacon Potter, "just a trifle deaf," Harry Walsh.

William Henry, Jerome Ryan.

Tom Sparrow, Ralph Walsh.

Helen Burleigh, from the city, Miss Blanche Harney.

Jerusha Jane Juddins, the post mistress, Miss Grace Armstrong.

Roxy, a fresh air kid, Mrs. Thomas Loneragan.

Granny Grimes, Mrs. Dennis Whalen.

Fanny, a maid, Miss Dorothy Ryan.

Some good specialties were introduced between the acts by Miss Nettie Ludwig, soloist; Johnnie Wright, cellist, and others. The whole presentation will be duplicated Saturday night, including the specialties.

JOHNNY WILSON  
RETAINS TITLE  
IN O'DOWD BOUT

Referee Enables Phony Champ to Win on Points

O'DOWD AGGRESSOR  
AND STAGGERS WILSON

By Associated Press.  
NEW YORK, March 17.—Johnny Wilson, world's middle-weight champion, retained his title in a 15-round bout with Mike O'Dowd, former champion, tonight. At the end of the battle the judges disagreed and Referee Johnny McAvoy, of Brooklyn, gave his decision in favor of Wilson.

The bout was a rather disappointing one from a fight standpoint, as each man seemed afraid of the other. O'Dowd only adopted his famous rushing tactics occasionally.

Wilson, who has the longer reach, was able to stand off or outpoint O'Dowd as long as the champion was content to box or spar, but whenever O'Dowd stepped inside to fight in his usual rushing fashion, Wilson was the sufferer. At least three times during the bout, O'Dowd complained that Wilson was hitting low with his left swings to the body. In the thirteenth round, when their heads bumped, blood spurted from a cut over O'Dowd's temple. During the last two rounds O'Dowd was bothered as a result of this mishap.

O'Dowd was examined in his dressing room by two club physicians after the bout and they reported that he had been struck in the left groin which seemed to substantiate O'Dowd's claim that he had been fouled.

First Round: Both landed light lefts to the head and then O'Dowd rushed his man to the ropes sending right and left to the head and right hand to the body. Wilson who fights left handed, with the right foot extended jabbed O'Dowd a couple of times and O'Dowd again forced him to the ropes sending hard lefts and rights to the head. Wilson whipped his left to the stomach and O'Dowd sent right and left to the body and head. They were sparring at the bell.

Round Two: In the second they stood toe to toe exchanging blows rapidly. Both missed swings to the head but each reached his opponent's body frequently. The round was even.

Round Three: Wilson kept jabbing to the face and O'Dowd sent a solid to the body following up with left and right to the head.

O'Dowd forced his man to a neutral corner with a hard right

on Wilson's nose. Towards the close of the round O'Dowd landed right on the neck and Wilson shot his right to the stomach.

Both were very careful.  
Round Four: Wilson jabbed to the face and O'Dowd crossed his right to the head and then swung it to the body. Wilson broke ground when Mike rushed him and then O'Dowd landed his right on Wilson's left eye. Wilson hooked his left to the head and O'Dowd rushed him to the ropes sending left and right to the wind. Wilson missed a left swing just before the bell.

Round Five: Wilson hooked his right to the head and at close quarters sent right and left to the body. O'Dowd complained to the referee that Wilson had some foreign substance on his hair. The referee stepped between them and examined Wilson's head, and after smelling the hair decided that the complaint was not well founded. There was a great deal of long range sparring and then they went to a clinch without any damage being done.

Round Six: O'Dowd was short on a couple of leads and then they exchanged body blows. Wilson held Mike off with his long right, but whenever they came to close quarters the in-fighting was pretty equally divided.

Round Seven: Up to this time O'Dowd had not stepped in with his usual rushing tactics but after sparring for a little while O'Dowd smashed his right to the jaw twice without a return. O'Dowd became more aggressive and landed both left and right to the head and jaw while Wilson countered on the body. O'Dowd sent right to head and body just before the bell.

Round Eight: They exchanged lefts and rights to body and head and O'Dowd forced Wilson to the ropes twice with right hand body blows. O'Dowd staggered his opponent with a right hook to the jaw and a few seconds later, swung his right hard to the stomach. Wilson missed a right hook for the head. O'Dowd landed with his right on the stomach and repeated the blow at the close of the round.

Round Nine: Wilson swung his left to the ribs and sent his right twice to the body. O'Dowd then rushed his man into his own corner with right and left to the head. Wilson had the better of some hard in-fighting at close quarters. They were in a half clinch at the bell.

Round Ten: Wilson swung left to the body and O'Dowd crossed his right to the jaw. A lively mixup followed, both men playing for the body. Wilson hooked his right to the head and O'Dowd sent a straight right over the heart. After some close work, O'Dowd crossed his right to the jaw, sent his left to the body and brought his right up to the head again. O'Dowd sent another right to the head before they went to their corners.

Round Eleven: O'Dowd missed a swing and they went into a clinch. Then they exchanged body blows. There was a couple of rapid exchanges on head and body and then O'Dowd hooked his right to the ear. Wilson's long right jabs seemed to bother O'Dowd, but he however got in a couple half arm rights to the body and they finished the round in a clinch on the ropes.

Round Twelve: Wilson landed two heavy lefts on the body, and O'Dowd complained that one of them landed low. The referee did not heed him and then O'Dowd rushed and had the better of a fast mixup in which there was a lot of body punishment. O'Dowd shot his right across to the jaw and the bell found them fighting at close quarters.

Round Thirteen: Both played for the body and landed. Wilson swung his left to the stomach and jabbed his right to the face, while O'Dowd worked in with left and right to the body. Wilson danced away but O'Dowd landed left and right on the head and both missed swings. Their heads came together and blood flowed from O'Dowd's left temple as he went to his corner.

Round Fourteen: They fought toe to toe, O'Dowd hooking his right to the head and Wilson sending lefts to the body. O'Dowd swung a hard left to the head, but his face was covered with blood from the cut over the temple. O'Dowd staggered Wilson with a right cross to the jaw, but Wilson came back with left and right to the body, and then O'Dowd forced him to the ropes with left and right to the head and swung his right to the ear. O'Dowd was forcing his man at the bell.

Round Fifteen: They shook hands immediately exchanging lefts and rights on body. They went into a rapid mixup in a neutral corner and then Wilson swung his left to the body and O'Dowd again complained it was low. Both men were covered with blood which flowed from O'Dowd's head. They exchanged body blows and both landed to the face and head and landed in a clinch. They were in close quarters at the bell.

Both were landing short arm blows on the body.

STATE'S ATTORNEY  
DISMISSES CASES  
AGAINST WHITE SOX

(Continued from Page 1)  
trial of this case as witnesses for the state.

"We further learned that many other persons who were parties to this criminal conspiracy had not been indicted. I directed Mr. Gorman to ask that the cases be passed from the court call in order that my office might have efficient time to obtain from witnesses whose testimony would prove to the satisfaction of a jury the existence of this conspiracy and end in conviction of every guilty person."

"Today I stated to the court that I intended to go to the bottom of this matter and to use every effort available to me to convict every person involved in this crime. I told the court it was impossible for me to obtain by May 2, evidence which I am satisfied is in existence and which would lead to the conviction of these defendants and other persons not named, and that if the case was set for trial on May 2, I would be forced to enter a nolle prosequi as to those defendants who appeared and gave bail."

"I further advised the court that these defendants were not entitled to a trial under the law until July 20, 1921, but the court persisted in setting the case for trial on May 2, and knowing as I did the impossibility of a successful trial at that time and refusing to waste the money of the people in a fruitless effort, I was forced to enter the nolle prosequi."

"I propose to appear before the grand jury to again present the evidence of the commission of this crime and to ask the return of other indictments against the defendants named in the present indictments and against persons not named therein. It is my purpose to do everything within my power to reach every guilty person and to send them to the penitentiary if the evidence warrants. There is no disposition on my part now and there will be none to permit criminals to go upwhipped of justice."

STANDARDIZED GOLF  
BALL IN ENGLAND

Beginning May 1 Weight of Golf Ball Will be Reduced Slightly—Open Champion Expresses Satisfaction With Lighter Ball.

London—In the wake of recent newspaper discussions by English golfers on the wisdom of players in the United States abolishing the stymie, the press is now publishing contributed letters on the advisability of the ball favored as "standard" by American devotees of the game.

Standardization was decided upon at a meeting here last year of the rules committee of the Royal and Ancient Club of St. Andrews with delegates from the United States and Western Golf associations. It was voted that, beginning May 1, 1921, a ball used in a tournament play must not weigh more than 1.62 ounces, nor have a diameter of less than 1.62 inches.

The effect of the ruling was to retain the size of the small, heavy ball popular in England, but to reduce the weight slightly. It rendered what is known in the United States as the "20" eligible to competition but barred the 31-pennyweight ball used in England. English players had used nothing heavier than the 29 and 31-pennyweight balls in their home play.

In a letter to the Times, George Duncan, of Hanger Hill, British open champion, records his satisfaction with the lighter ball and predicts better championship figures as a result.

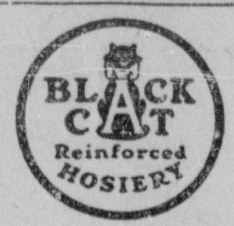

"I am glad that the ball is to be lighter," writes Duncan, "as the game will be easier to play for everyone, in that the 'all-air' route—the correct way to the green—will not be so difficult as with the heavy ball. I will risk a prophecy and say that the championship figures of 1921 will be better than those of 1920, or of any previous year. Not because the ball will go farther than it did but for the reason that the lighter ball will be much more easily controlled."

The title-holder commends the attitude held by the Americans of last year's rules conference, when his suggestion for standardization of the present "22" was being considered.

The Royal and Ancient club "took the matter up," he writes, "and decided, not only to have a ball limited in size and weight for the championship, but to apply it to the games generally. A committee was appointed, and they decided upon a Floater, a very useful ball for a player of more than mature age. Fortunately for the game, America had to be consulted on the matter, and her delegates rightly stood out for legislation for the coming generation of golfers. America won on a common sense argument which was that her then open champion and her amateur champion knew nothing of a Floater, owing to the fact that America's best golfers had learned their golf since the advent of the modern ball."

Duncan expresses a conviction that the popular ball of the future will be as near as possible to that known in England as the "29," which is slightly lighter than the present standard.

The championship committee of the Royal and Ancient Golf club, St. Andrews, having decided that all handicaps in the United Kingdom should be put on a uniform basis, is now in commun-

## ELKS LODGE RECEIVES ANOTHER BIG CLASS

Several Cities Represented In  
List of Candidates—Addresses  
By Gen. Dickson and District  
Deputy Stuttle—New Home  
Fund Given Boost.

The ceremonial session of Elks lodge Thursday night was a well ordered event. Some weeks ago preparations were begun for taking in a large class of candidates on March 17 and the details were worked out in a way to make the events memorable in the annals of the Elks. The candidates assembled at David Prince building at 7 o'clock and together with members of the order listened to a splendid program by Jacksonville's new band.

The initiatory exercises began at 8 o'clock with Exalted Ruler T. C. MacVicar presiding. Following these exercises Harry Stuttle, district deputy for the exalted ruler, made an address in which he complimented the local lodge upon activity shown in increasing its membership and on the excellent presentation of the work. Mr. Stuttle gave some very interesting facts about the growth and status of the Elks order.

Mr. MacVicar said that while he was somewhat familiar with the record and work of the next speaker, Adjutant General Dickson, that he felt introduction could be better given by Miller Weir, a long time friend of the adjutant general. Mr. Weir spoke in complimentary vein of General Dickson's work and then presented him.

The adjutant general in his eloquent and patriotic address dwelt particularly upon the active part that the Elks took in war time work and the further fact that patriotism is one of the foundation stones of the order. General Dickson gave specific instances to show that the Elks organization exerts a strong influence for the upbuilding of patriotism and good citizenship.

**Elks Home Facts.**  
The exalted ruler next introduced Vincent R. Riley, who presented some facts relative to the Elks home, telling about the origin of the project and the progress made toward completion. He explained that the work thus far done has been paid for but that more funds will be necessary in order to complete the work and put the spacious home into furnished, usable condition.

Still other facts were presented about the project and the subscription cards were presented. State Auditor Andrew Russell, who has been one of the most liberal supporters of the enterprise spoke briefly and expressed his willingness to be of further assistance. F. L. Sharpe, actively identified with the lodge since its organization here, Mayor E. E. Crabtree and Horace H. Bancroft, representing the members of the new class, all spoke briefly as did W. R. Turnbull of Waverly. This part of the program was quite informal, a number speaking "for the good of the order." No announcement was made as to the total of subscriptions received, but it was known that they were liberal and will be of great help to the com-

mittee as they proceed with their campaign of solicitation.

When the program at the David Prince had been completed adjournment was taken to Central Christian church, where an excellent cafeteria lunch was served. There was no formal program at the church but the band furnished a very enjoyable program.

## BRIGADIER URGES COAST DEFENSES

Providence, R. I., March 17.—Brigadier General Ruckman, commander of the first coast artillery district in an address today before the chamber of commerce urged that immediate steps be taken to strengthen the fortifications of the New England coast from Maine to Connecticut with special reference to the naval base at Newport.  
General Ruckman recommended the installation of fixed guns of the largest caliber on Montauk Point, Block Island, No. Man's Land, Cape Cod, Cape Anna, Portsmouth and Portland to be supplemented by Mobile artillery of the railway and tractor type, to fill in the shore between these points and make a continuous line of defense.

**PEORIA FIRM INCORPORATED**  
Springfield, Ill., March 17.—Incorporation papers today were granted to the Karl Manufacturing company of Peoria by the Secretary of State. The firm will manufacture and deal in automobile accessories. It was capitalized at \$10,000. The names of its incorporators are Ethel Seitz, Joseph D. Karl, Charles Karl and Julius E. Karl.

Mrs. R. P. Joy has returned from a visit with friends in Chicago.

## SEEK TO PROTECT LINCOLN HOMESTEAD

Bill to Be Introduced in Legislature Proposes Protection of Old Lincoln Home in Springfield.

Springfield, Ill., March 17.—Protection of the only home Abraham Lincoln ever owned, the Lincoln homestead, in Springfield, and condemnation of an entire block of ground about for use as a state park, is the object of a bill soon to be introduced in the legislature. The measure is now under consideration by Mrs. Jessie Palmer Weber, secretary of the State Historical society, and Col. C. R. Miller, director of the state department of public works and buildings.

A disgrace from which Illinois would hardly recover is constantly threatened the Lincoln homestead by the frame buildings near it, according to Mrs. Weber. "Fire may come at any time and take from us this rich and irreplaceable Lincoln relic. One frame house on the north is so close to the homestead that persons may shake hands from the opposite windows."

Immediate measures of fire protection are imperative, Mrs. Weber said. Development of the state park is not so urgent. Beside removing the houses which constitute a fire menace, removal of the present wooden shingles and putting a fire-proof roof on the homestead is immediately necessary, she declared.

The danger to the Lincoln home is nothing new, Mrs. Weber said. Visitors continually express their astonishment, she remarked, at the fact that Illinois has not exercised better judgment in protecting this chief of Lincoln memory spots.

Size of an appropriation necessary for fire protection and creation of a Lincoln Homestead State Park has not been decided. Historical societies in various cities have already approved the proposal, Mrs. Weber said.

## WILL PUBLIC BE GIVEN PART IN R. R. DISPUTE?

Problem Now Confronting Railroad Labor Board

## TRAFFIC LEAGUE AGAINST AGREEMENT

CHICAGO, March 17.—Just how far the public is to be admitted into railroad labor disputes before the railroad board was one problem confronting the board today.

On the board's decision rests the conclusion of the hearing on national agreements which has been before the board since January 10.

A petition from the national industries traffic league, presented Tuesday, formed the basis of conflicting claims from labor and the carriers as to whether the public should be given a part in the rules hearing. The question has not been decided by the board according to G. W. W. Hanger, public member.

The league went on record against the national agreements and urged the board to find them unjust and unreasonable, contending they caused waste and inefficiency.

"If the league is admitted as a party to the hearing it would open the way for innumerable public organizations to appear," Mr. Hanger said today. "It brings up this question which the board must decide—whether the transportation act contemplated that the public should take a part in the hearings or whether disputes should be confined to the roads and their employees with the three public members on the board looking after the public's interests."

## WILL SELL FLOUR TO AUSTRIAN FAMILIES

Chicago, March 17.—The purchase of 25,000 barrels of wheat flour, to be sold cheaply to middle class families in Austria and Germany, was completed today by Archbishop Mundelein, who directed the campaign thru which \$150,000 was raised for that purpose.

## ALLEGED BURGLAR WOUNDS CONSTABLE

Belfast, March 17.—(By The A. P.)—When Constable Boyd attempted to arrest an alleged burglar named Gordon at New Townards today, Gordon shot him. Boyd was taken to a hospital in a dying condition.

Gordon barricaded himself in a room firing revolver shots and defying arrest. Constables and special officers armed with rifles, revolvers and bombs surrounded the house.

Gordon possessed two revolvers and exchanged shots with the besieging forces. The town was in an uproar at last reports.

## MOTOR COMPANY STARTS OPERATIONS

Detroit, Mich., March 17.—Dodge Brothers Motor Company closed since last December reopened today with a force of between 3,500 and 4,000 men. It was officially announced at the company's offices. The company normally employs 20,000 men. Additional workers are to be added as conditions warrant, it was announced.

**DRAMATIC CLUB PRESENTS PLAY**

Clever One Act Comedy Is Presented Before Large Audience

"The Neighbors," a one act comedy was presented by the Illinois College Dramatic club before a large and appreciative audience in Academy hall Thursday evening.

It was the first offering of the club this year and has been looked forward to with keen anticipation by those who have seen the work of the club in past years.

The scene of the play is laid in a country farm house and the various characters were so well portrayed that none of them stood out prominently above the others. The play showed just

folks and what it means to have neighbors.

In time of trouble the real kind heartedness in folks is most manifest and the players by their clever acting brought out this spirit splendidly.

The work of the cast showed the result of careful training and sincerity of purpose on the part of the players. It is to be hoped the club will offer another play before the end of the school year.

**Social Events**

**Birthday Party Given Thursday Evening.**

L. O. Butler residing near Ashland was given a surprise Thursday evening, the occasion being his birthday anniversary. About forty guests were present and the evening was spent in playing 500. During the evening refreshments were served.

**Mrs. George Brown Hostess to Past Noble Grand Club**

Mrs. George Brown of East College avenue entertained the members of the Past Noble Grand club of Jacksonville Lodge No. 13 Rebekahs Thursday evening. It was also Mr. Brown's birthday anniversary and a number of other guests were invited and the time was pleasantly spent in cards and conversation. During the evening the hostess served delicious refreshments.

**Northminster Missionary Society Met Yesterday**

The Women's Home and Foreign Missionary society of Northminster church held its regular meeting Thursday afternoon. Mrs. Lorine Ferriera was leader. The devotion was led by Mrs. Lillian Sardinah. Several articles on foreign work were read by Mrs. Lorine Ferriera and an interesting article was read by Mrs. William Bieber. After the usual business the meeting was adjourned.

**Observe Fifth Wedding Date**

A celebration in honor of the fifth wedding anniversary of Mr. and Mrs. Murvin Ator was given last night by Mr. and Mrs. A. D. Arnold, at the Arnold home. A hundred guests were invited and the evening was passed with cards and dancing. An attractive two-course luncheon was served during the time of the affair. Mr. and Mrs. Ator received many beautiful gifts from their large number of friends. Most of the guests were Jacksonville people.

**Women's Relief Corps Holds Birthday Party**

The March birthday party of the Women's Relief Corps was held this afternoon at the home of Mrs. Mary Donovan, 960 Hardin avenue. This was a St. Patrick's Day party, since it fell on the anniversary of this Irish saint. An impromptu program was given and dainty refreshments were served which were appropriate for the 17th day of March.

The ladies who assisted as hostesses were Mesdames John McDevide, Josephine Jaeger, Ella Brunk, Belle Hopper, Angu. P. Weber and Mary Donovan.

**Phi Omega Society Meets.**

The Phi Omega society of the Illinois College Conservatory enjoyed a very delightful program Thursday evening, given by Mr. Munger and Mr. Quast, heads of the piano and voice departments. Mr. Krich was unable to assist them much to the disappointment of all.

The program was as follows:

Barcarolle Op. 65..... Chopin  
Mr. Munger.  
Ich Liebe Dich..... Beethoven  
Come Raggio di Sol (Old Italian)..... Caldara  
Le Miroir..... Ferrari  
Believe Me of All Those Endearing Young Charms (By request)..... Irish  
Mr. Quast.  
Etude in C Sharp Minor..... Chopin  
Waltz in H. Flat Major..... Chopin  
Song of the Traveller.....  
..... Paderewski  
Mr. Munger.  
Mr. Munger also acted as accompanist.

The opening meeting of Phi Omega society will be held Tuesday evening, March 22, in Recital Hall at 8:15. The public is cordially invited.

**Fortnightly Club Meets**

The Fortnightly club met yesterday afternoon with Miss Flora Taylor at Academy Hall. Miss Agnes Paxton had a splendid paper on "The Costume of the Puritans and Colonials." Miss Josephine Morey also read an interesting paper on the subject "Children of the Pilgrims." A social hour with the serving of dainty refreshments ended the afternoon.

**Christian Endeavor Is Entertained.**

Mrs. Thomas Smith entertained the members of the Westminster Christian Endeavor at the manse last evening. Plans for the work of the organization were discussed and a general pleasant social time was enjoyed. Games were played and excellent refreshments were served in keeping with St. Patrick's Day.

**Reception Given for Mr. and Mrs. Capps**

A very delightful reception was given last evening by Mr. and Mrs. Alfred Capps at their North Church street home, in honor of Mr. and Mrs. Robert M. Capps. A large number of their Jacksonville friends were guests at the affair.

Spring flowers and roses were used in artistic decoration of the home and the generous hospitality of Mr. and Mrs. Capps made the occasion in every way delightful. The Colonial Inn catered.

Those assisting Mr. and Mrs. Capps in entertaining were: Dr. and Mrs. C. H. Rammelkamp, Mr. and Mrs. H. M. Capps, Dr. and Mrs. C. E. Black, Mr. and Mrs. John L. Johnson, Mr. and Mrs. E. W. Brown, Mr. and Mrs. Marcy Osborne, Dr. and Mrs. B. Applebee, Mr. and Mrs. H. H. Bancroft, Mr. and Mrs. Eric Rantz, Mr. and Mrs. J. W. Walton, Mr. and Mrs. W. T. Capps, Mr. and Mrs. C. M. Reid, Judge and Mrs. Paul Samuel, Mrs. Helen Ayers Bullard, Mrs. Helen Brown Read, Mrs. Hester Capps, Miss Virginia Bullard, Miss Mary Wadsworth and Miss Carrie Dunlap.

**U. C. T. Woman's Club Entertained.**

Mrs. James G. Strawn was hostess to members of the U. C. T. Woman's club Thursday afternoon at her home on South East street. There was a large attendance and all thoroughly enjoyed the program, which was in keeping with St. Patrick's day. Some of the members came in costume, thus adding materially to the merriment of the occasion. The members responded to roll call with real Irish jokes and stories, all of which were mirth provoking and cleverly narrated.

Dale Leurig favored the company with two piano selections which were greatly enjoyed. The numbers were "Angels' Serenade" by Brago and "Alla Marcia" by Rogers. Mrs. Charles K. Moore gave two very pleasing vocal solos, "Daddy Macree" and "Little Grey Home in the West." Mr. Leurig acting as accompanist.

In the cake contest the prize was awarded to Mrs. J. T. Little of Alexander, who was the guest of honor, as her birthday was celebrated yesterday. In the potato race Mrs. George Brady carried off the prize. One new member, Mrs. L. L. Logsdon, was received into the club.

During the afternoon the hostess served delicious refreshments in keeping with St. Patrick's day. She was assisted by her daughters, Mrs. Shirley Frye and Miss Hazel Strawn. Among the guests present were Mrs. E. M. Tindall of Arnold; Mrs. J. T. Strawn and Mrs. Charles Strawn of Alexander, Mrs. Arthur Tice, Mrs. Elizabeth Arnold, Mrs. George Siegfried.

The next meeting will be held at the home of Mrs. Gerald Taylor on April 20.

### FINE LAND IN DRAINAGE DISTRICT

Men Identified With Riverlands Company Proctel Held Banquet at Louisiana.

John Cherry, who is president of the Riverlands Levee Co., and owns nearly 1,000 acres of land in the district, recently attended a banquet given by the association at the Planters Hotel in Louisiana. There were 16 men in the company and the occasion was one of both business and social pleasure.

The tract was purchased in 1914 and included 6000 acres. A drainage district was organized without legal disputes and the actual work on the levee began in 1916. Then came the war, with its attendant difficulties, and the work was interrupted. Afterward work was again resumed with diligence and today the completed district, with its splendid farm lands, gives proof of the energy and foresight of the men who projected the company.

The pumping station is working satisfactorily and all the plans have been carried out in accordance with the original intent. Some good roads have been constructed and the district, the owners think, includes some of the "best land out of doors."

**MIR. WILSON TO MAKE FINAL ADDRESS**

J. Stitt Wilson, who came to Jacksonville under the auspices of the Illinois college Y. M. C. A., delivered his addresses at the college yesterday, one at the chapel hour and the second at 3 o'clock in the afternoon. The students and others who attended found both addresses of most helpful kind. In the afternoon Mr. Wilson continued his argument to show that the world is growing better and that altruism—"the interest in the other fellow"—exists in a larger degree today than ever before. Proof of this statement was given in historical setting. Mr. Wilson's work at the University of California has been in lines of both history and economics and he speaks with eloquence from advantageous viewpoints.

The last of the series of addresses will be given at the chapel hour this morning. Friends of the college are invited to attend and the assurance is given that they will count the hour as spent in a most worth while way.

**NATIONAL GAME LAWS BRING GOOD RESULTS**

One of the peculiar evidences of the National game laws good is shown at Merodosa these days. Ducks of all kinds are on the river and Tom McGinnis, the veteran river man says that frequently in the mornings they simply drift about to let the ferry boat pass. Hundreds of teal, mallard and canvass are just hunters guns. The teal, especially they were sent on north by the hunters guns. The teal, especially they were sent on north by the hunters guns. The teal, especially they were sent on north by the hunters guns.

**SOME LATE RETURNS**

A number of belated Morgan county tax payers appeared at the office of Deputy Collector S. J. Tompkins after the 15th. They state that they had seen notices that the 15th was the final day, but had been delayed in one way or another. It remains to be seen just what fine the government will insist upon imposing because of their neglect. The exact number of returns that Mr. Tompkins and his assistant, Mrs. Methven, passed upon was 334.

Coach Mitchell left last night for Champaign, where he will attend the All-State Basketball meet being held there this week.

## MANY ARE SEEKING TEACHERS CERTIFICATES

Examinations Were Begun Thursday in Office of County Superintendent.

Examinations for teachers' certificates began Thursday in the office of H. H. Vasconcellas, county superintendent of schools. All of the applicants, almost forty in number, are seeking second grade certificates, which indicates that they are just beginning their work. Mr. Vasconcellas and his assistant, W. B. Lowery, had made arrangements in the circuit room, as so large a number of applicants could not easily be cared for in the superintendent's office.

The persons who enrolled yesterday for the examination were:

Helen Anderson, Waverly; Lela Ashbaugh, Waverly; Helen Osa Baker, 224 West Greenwood avenue, Jacksonville; Noel Leslie Boston, Jacksonville; Anna Marie Carrigan, 321 Lorton street, Jacksonville; Clara Leta Clayton, Murrayville; Ruth Coggriff, Woodson; Ethel Mae Crotty, Woodson; Claude Homer Cully, 404 North Prairie street, Jacksonville; Ruby Alberta Dean, Manchester; Helen Adlaide Decker, 739 West North street, Jacksonville; Wilma DeLong, Woodson; Harry C. Duff, Pearl, Ill.; Lewis C. Gottschall, Waverly; Lucille Mildred Hardy, Manchester; Leta Mae Howard, Manchester; Viola B. Hughes Waverly; Flossie E. Ishmael, Oakford, Ill.; Irma Ruth Lakin, Manchester; Antoinette Louise Ludwig, Alexander; Kathryn Helen Ludwig, Alexander; Rose Margaret Lyons, 942 West Lafayette avenue, Jacksonville; Helen Maddox, Murrayville; Miriam Edythe Masters, Murrayville; Cecil McElasson, Bluffs; Agnes Eugenia McInire, Murrayville; Goldie V. ## ARMY STORE ADV. REPRINTED IN TRIBUNE

Salesman for Packing Firm Tells How He Made Big Distribution of Soap in Jacksonville.

A number of Jacksonville people were given some good advertising in the Chicago Tribune which reprinted an advertisement used by Louis Horen, proprietor of the Army store, in the Courier and the Journal of this city. It came about in this way: The Chicago newspaper offered a prize of \$100 for the best essay on selling soap, and the award was made to F. R. Shaw, a salesman of the Cudahy Packing Co., who based his story upon his experience in this city.

Seemingly it has been a difficult time for the soap salesman and after several ineffectual attempts to make sales here, Mr. Shaw put the proposition of handling 100 boxes of soap up to Mr. Horen, who accepted it. The big supply of soap was shipped and thru newspaper advertising, Mr. Horen let the public know about the unusual soap buying opportunity. Mr. Shaw prepared the advertising copy, using as a headline "1921 Will Reward Fighters." This was a phrase that the Tribune had used some time before in business publicity. The Tribune yesterday reprinted all of Mr. Shaw's essay with his picture and reproduced the newspaper advertisements used here. In his essay Mr. Shaw uses this paragraph:

"As a closing tip let me say that any business man will do well to use your slogan on his next sale advertising as we found that it's the sentiment of the buying public. Also, 1921 will reward fighters who realize the value of advertising—increased advertising."

## Deaths

**Eaton**

William W. Eaton died at the Old People's Home at 1:45 o'clock Thursday afternoon. Decedent was born in Washington, Ky., February 13, 1854. He was united in marriage to Sarah Jane Mayes, March 24, 1875, at Mt. Erie, Ill. He entered the home from Cowden April 24, 1916.

Mr. Eaton was a member of the Christian church. Funeral services will be held from the Old People's Home at 3 o'clock this afternoon in charge of the Rev. M. L. Pontius. Burial will be in Diamond Grove cemetery.

**DIVORCE SUIT FILED**

W. H. Prewitt, by his attorneys, Worthington, Reece & Green, has brought suit for divorce from his wife, Ada Prewitt. Their marriage occurred on Christmas day, in St. Louis, in 1913. Desertion is the charge made. Mrs. Prewitt's name before her marriage was Ada Munis.

## Funerals

**Smith**

Funeral services for the late Mrs. Martha Goodpasture Smith were held at the late residence east of Concord Wednesday, with interment in Concord cemetery. The services were conducted by Rev. Mr. Wallace, assisted by Rev. Fred Simons.

The house was filled with relatives and friends of the deceased, who had spent so many years of her life in the Concord community and was so well and favorably known.

The beautiful flowers were cared for by Mrs. Raymond Smith, Miss Lettie Lynn, Miss Lillian Smith and Miss Dorothy Smith. The pallbearers, grandsons of the deceased, were Gray Loughary, Edgar Smith, Raymond Smith and Weir Smith.

## BLUFFS YOUNG PEOPLE WERE MARRIED TUESDAY

William Rolf and Miss Lillie Summers Surprise Friends by Announcing Their Marriage

Bluffs, March 17.—William Rolf and Miss Lillie Summers, prominent young people of Bluffs, surprised their friends Tuesday evening, when they went over to the M. P. parsonage and were united in marriage at 7:30 o'clock, the Rev. E. J. Rees officiating. They were accompanied by Mr. George Beagle and Miss Ruth Killpatrick. The groom is the son of Mr. and Mrs. H. C. Rolf, Sr., retired farmers, while the bride is the daughter of Mr. and Mrs. Henry Summers and graduate of the Bluffs high school class of 1918, and is at present teaching the Campbell Hollow school.

Immediately after the ceremony they left for a short honeymoon trip to St. Louis. During her absence, her vacancy in the school will be filled by Miss Ruth Killpatrick.

They will reside on the H. C. Rolf farm, near Exeter.

Bluffs, March 15.—Mrs. Guy Sawyer left Monday for an extended visit with her sister in Des Moines, Iowa.

Miss Belle Vannier, who is attending school at Normal, has arrived for a visit with her parents, Mr. and Mrs. George H. Vannier.

Mrs. Edna Dunham and children left Monday for an extended visit with relatives at Harvey.

Miss Zeta Morris has arrived from Normal for a visit with her

parents, Mr. and Mrs. Royal Morris. Samuel Borum and Vernal Arnold, of Springfield, spent Sunday with relatives in town.

## VALUABLE ITEMS FROM COUNTY ADVISERS

The Livestock Survey of this county is being tabulated by the office secretary. Some very interesting facts have been brought out. On 943 farms surveyed only 222 were using registered sires. 398 were using grade sires taking the county as a whole the survey showed one sire in use for each 20 cows of breeding age. Kline, Boone county.

A Six-Foot Limestone Ledge has been discovered in the extreme northeast part of this county. The owner of the land has ordered a small crusher and will grind agricultural limestone this spring and summer. This find will be a great boon to the farmers in that locality, since some of them live twelve miles or more from the nearest railroad station. These farmers realize that they must use limestone or quit. Some have hauled limestone twelve miles and felt that they were well repaid for their labor. We expect to see this crusher rushed to the limit this year.—DeWitt, Franklin county.

Nine Per Cent Clover — Have just finished a series of meetings over the county. At these meetings a survey has been taken of the amount of clover to be left this summer and it has been found to be 14 acres to the farm or about 9 per cent of the area.

We also took a record of the colts expected and found 243 colts to 521 farms. There was about one weanling colt to four farms, one yearling (coming two) to each 2-1-2 farms, and one two-year-old (coming three) to each two farms. That is to say there will be one colt to break for each two farms where formerly there were one to three or four on every farm.—Oathout, Champagne county.

The First Corn and Alfalfa Show in the county at Jonesboro was well attended in spite of very bad roads and weather. Interest was fine especially in Mr. Hackleman's clear explanation of root rot and the new type of corn Union county has lots of good corn this year, some yields of 100 bushels per acre being made. Tests on diseased and sound corn will be run this year on one or two farms. There is also a lot of fine alfalfa hay for sale in the county.—Deershook, Union county.

Democrat Corn Leads—Randolph county's special project at a district meeting was reporting on the drought and chinch bug resistance of "Democrat Corn." Last year's work showed it to lead 12 other varieties from two to sixteen bushels per acre. This result is borne out by the experience of several hundred farmers. This work will be continued in co-operation with the state and in addition some work on corn root rot will be added, also an effort to standardize this variety of corn.—McWilliams, Randolph county.

### AMERICA'S GREATEST TRUCK VALUE

Stewarts are made in six popular models—ready for any load—ready for any road. They adapt themselves to 90% of the requirements of American business at about 20% less than the average cost.

Stewarts cost \$200 to \$300 less to buy than the average price of other trucks.

Stewarts cost less to run—For thru simplified design, hundreds of really needless parts, consequently hundreds of pounds of needless weight, are eliminated.

You get a stronger, simpler truck—one that is economical on oil, gasoline and tires.

Stewart Capacities: 1, 1 1/2, 2, 2 1/2 and 3 1/2 ton

### COULD REDUCE COST OF COAL IN ILLINOIS

Railroads Could Give Preferential Freight Rates in Summer When Cars are Not Carrying the Crop.

Chicago—Coal costs to the consumer can be reduced \$100,000,000 a year thru better handling, while thru better mining methods a waste that in Illinois last year ran to 100,000,000 tons can be prevented. W. L. Abbott, chief operating engineer of the Commonwealth Edison Co. of Chicago, told the electric section of the state public utilities convention here.

Mr. Abbott declared that the cost of coal to the consumer could be put on a winter and summer schedule, the railroads giving a preferential freight rate in the summer when cars are not in use carrying the crops and when operation of trains is much more economical, in the winter a super-charge being imposed.

This, he said, would encourage storage of coal, bring about full employment of mine labor, and reduce mining costs. He added that the railroads, the industries and the utilities all could arrange for storage and that the smaller industries and the retailers some community storage scheme could be worked out.

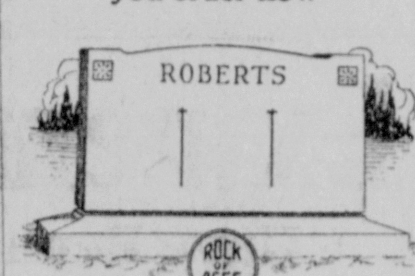

Regarding the waste in coal mining in Illinois, Mr. Abbott said:

"Forty thousand square miles of the cultivated soil of the state overlie coal measures, of this area 10,000 square miles being underlaid with coal seams of from 5 to 10 feet in thickness, aggregating the enormous volume of 60,000,000,000 tons, which, however, with present mining methods and at the present increasing rate of removal, will be exhausted within 100 years.

"That our mining methods are wasteful of coal is notorious. Half of our vast coal deposits are being wasted. Ordinarily after the shaft is sunk and top works erected, a system of entries is laid out in a way that much resembles a system of city blocks and streets. These blocks are subdivided into many 50 foot lots with entries connecting. Between these rooms are walls of coal, 40 to 50 feet thick. This

coal is not mined but left as supports for the mine and is wasted. But by compelling the full development of mines—the running of entries direct to the outer boundaries of the mine property, and then mining back to the shaft, every ounce of this 'pillar' coal could be taken out of the mine and the great waste eliminated.

"To furnish inducement for mine operators to remove the 'pillar coal' and stop the great waste going on, I would pay a bounty on all coal mines cleaned—that is, with none left in the area mined out. The size of the bounty could be from 10 to 25 cents a ton, but that would be immaterial as competition would in time cause the operators to deduct most of it from the selling price, thus rendering it more difficult for unsubsidized mines not clean mining to operate at a profit.

"It is for lawyers and lawmakers to decide the source from which this bounty money could best be derived, but as the benefit is for all the state, it could well come direct from the state treasury or from a tax of one cent a ton on all coal sales in the state the first year, gradually increasing with increasing amounts of 'clean coal' as the mines changed over their method of operation."

### PUBLIC UTILITIES NEED MORE CAPITAL

President of Illinois Gas Association Says Illinois Utilities Need \$500,000,000 Within the Next Three Years.

Chicago—The public utilities of Illinois with 7,000,000 daily customers need \$500,000,000 of new capital in the next three years, W. M. Willett of Aurora, president of the Illinois Gas association, said here in opening a convention of the utilities of Illinois. Mr. Willett, who is president of the utilities, said the much needed housing extension of the future cannot go forward. Mr. Willett gave his keynote address to a joint convention of the Illinois Gas association, the Illinois State Electric association and the Illinois Electric Railways association.

"There can be no new dwelling," President Willett said, "there can be no growth to our cities and towns, unless the utilities are prosperous and able to furnish gas electricity, telephones and transportation, this housing program cannot go forward.

"How are we to extend our gas mains and add to our plants? How are we to extend our electric lines and equipment, and our communication and transportation facilities to serve the new buildings as fast as they are contemplated or extend to new subdivisions yet undeveloped.

"It has been conservatively estimated that not less than \$500,000,000 of new capital must be obtained from the thrifty thru the exchange of our securities for their savings within the next three years, if we are to keep pace with the necessary growth in housing facilities.

"It does not seem humanly possible that greater economies can be practiced by the industry than has been the case during the war and post-war period without great injury to the service upon which the public is so dependent. But somehow, inadequate as our revenues from rates have been, due to the burdens imposed upon us in the shape of operating expenses over which we have no control, we must find a way to keep the industry not only alive and functioning, but progressing and growing so that the people's interest may be served.

"It will be only thru the fullest co-operation that this situation which means so much to the prosperity and happiness of our people, our communities and ourselves will be met."

Mr. Willett said the public utilities of Illinois had 400,000 investors representing with their families about one-fifth of the population of the state, the investment totaling \$1,250,000,000. They had about 200,000 employees with their families, representing, he said, nearly a million people.

"We must accept this responsibility," Mr. Willett declared, "and in this time of stress and readjustment with the world's manner of thinking turned topsy-turvy, with the non-thinking ready to accept radicalism such as has destroyed nations, we must see that the truth is always kept in the fore."

### NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgment against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

denomination completes year of relief work in Poland, designed to help Poles to help themselves—Much Food and Clothing Distributed.

Berlin — American Lutherans have just completed a year of relief work in Poland, designed to help Poles to help themselves, which is highly gratifying to Dr. John Alfred Moorhead, European commissioner of the National Lutheran Council of America, who has just finished an inspection tour in Poland.

"With \$250,000 which we loaned to Polish farmers, and nearly 500 villages, with a total population of probably 400,000, to erect temporary homes, restore their farms and become self-sustaining," said Dr. Moorhead. "I have just visited the section to which the loans were made. The farmers have paid four per cent interest on the small loans, as they agreed, and in some cases they have even paid off the principal in a single year."

People Living in Cellars.

The villages aided by the American Lutherans are chiefly in the vicinity of Lublin and Cholm, where Dr. Moorhead found the population living in cellars and shacks in the fall of 1919. The country had been laid waste by years of fighting. It was a land of small farmers having tracts of lands varying from five to 40 acres, but with little machinery, no stables, no houses, no animals and no seed.

When the farmers asked Dr. Moorhead for food and clothing he called together local committees and told them he would rather help the communities re-establish themselves on a permanent basis than grant temporary relief which would only better their situation for a short time. Loan banks were established in each of the villages under the direction of local committees. An agreement was reached with the government whereby the impoverished small landowners were to have timber at a nominal price and small loans, seldom exceeding \$200 to a family secured on real estate mortgages, were made for the purchase of necessary food, implements, cows, horses and seed.

Fall Plowing Done.

The farmers were able to get their fall plowing done and many of them planted rye. Buildings were thrown up, and spring found them ready to plant vegetables, wheat and other grain. The \$250,000 advanced by the American Lutherans was equivalent to roughly 85,000,000 Polish marks because of the favorable exchange.

Prices for grain and vegetables were so high in Poland last summer that the families which had planted crops realized a handsome income and were able to pay their interest and make other needed improvements on their farms in preparation for next year.

"I found the villages have a different outlook on life," said Dr. Moorhead. "The spirit of hopelessness and ruin is gone. Workmen and merchants have profited by the good fortune of the farmers, and there has been a general spiritual, as well as an economic, regeneration. The plan worked so well that the interest is being used to help other villages and additional appropriations will be made from our relief funds to extend this sort of relief in Poland."

Textile Workers Aided.

The villages assisted were made up chiefly of Lutherans, but where there were Jewish and Catholic farmers in the communities these were also aided by the loan banks. In many of the villages assistance was also extended to textile workers, whose handlooms had been destroyed, and the peasant home industries are being restored.

All in all, the American Lutherans have given \$3,000,000 for European relief work in the last 18 months and this has been expended in 14 countries of Central Europe, extending from the new Baltic governments made out of Old Russia to Bulgaria.

Large supplies of food and clothing have been distributed by the American Lutherans, but Dr. Moorhead believes temporary relief work of that sort must speedily give way to relief designed to assist war sufferers in helping themselves back to self-supporting work, so they will not be pauperized and encouraged to expect help when they are not doing something to help themselves.

Before accepting the direction of the American Lutheran relief work in Europe Dr. Moorhead was president of Roanoke College at Salem, Va.

drift of population away from the cities and back to the farms."

Recently announced Federal census statistics showed that the aggregate population of American cities, when the canvass was made six months or more ago, actually exceeded the aggregate population of the farming districts, a condition unprecedented in the country's history. This is explained by the fact that there was an influx of people from farming communities to the cities especially in the period of abnormal industrial activity during and immediately following the war. Thousands of farmers and members of their families came to factory localities where, for two or three years, they made big wages. With the slump, following the general industrial readjustment, however, these farmers, and, in many cases, idle city dwellers as well, are turning to the farms where labor has long been at a premium.

The records of the firm in question are said to show that during the past 20 years its sales have been made in almost unvarying proportion, two-thirds to farmers moving from one section or state to another and one-third to men from the cities. The present back-to-the-land movement, however, it is declared, shows an almost exact reversal of these percentages, that is, two-thirds of the sales are now being made to men from the cities as against one-third to farmers.

"The first check in the cityward movement," a member of this firm stated, "appears from available statistics to have come late last fall, with the tightening of industrial conditions and consequent lack of employment in the cities. It became increasingly evident this winter until in February the tide seems to have begun to flow the other way."

"The change, naturally is most marked in the vicinity of the industrial centers, the February sales in New England, for instance, having increased more than 200 per cent over those of last year, those in the Middle Atlantic states about 175 per cent over last year and in the steel centers and manufacturing districts of the Central West approximately 100 per cent.

"The great majority of men going from the cities and manufacturing towns back to the farms are believed to be men who came from the country originally, attracted by the high wages in industry. Many of these men accumulated considerable savings and now that work is uncertain and scarce, they are using their savings to purchase self-supporting homes for themselves, rather than to accept lower wages or to live in idleness while their savings are being eaten up by high rents and other unavoidable living costs in the cities."

New England was said to be leading the entire country in the back-to-the-land movement. While the increase throughout the United States is in excess of 50 per cent greater in February than for the same period last year, New England's farm sales show an increase of 200 per cent, due to the fact that many factory workers who have been thrown out of employment or forced to submit to wage reductions, have left the cities and towns and gone into general farming, dairying, poultry and hog raising and bee keeping as well as the cultivation of small fruits.

An interesting feature of the situation is that of the 4,272 farms sold last year, 1,171 were disposed of in New England, more than one-quarter of them to residents of other states; while of the 3,100 farms sold in other states, only 57 buyers were New England people.

## CHICAGO MOTOR CLUB OPENS BRANCHES DOWNSTATE

Chicago, March 16.—The Chicago Motor club announces it has entered into a campaign throughout Illinois which promises to parallel its activities within Chicago.

Local branches have been established in numerous towns in the state affiliated with the Cook county organization.

Service stations have been established in Sterling, Geneva, St. Charles, Batavia, Glen Ellyn, Woodstock, Harvard, Aurora and Elgin, where members of the club are given towing service within a radius of five miles.

In many of these places, local attorneys have been retained to defend members arrested for alleged violation of vehicle laws.

Touring bureaus have been established which are replicas in a small part of the touring bureau at the headquarters of the club in Chicago.

Officials of the Chicago Motor club said that the Royal Automobile club of London has 100,000 members, and there was no reason why the Chicago Motor club could not duplicate this record.

## ILLINOIS HAS ESCAPED THE BANK FAILURES

Springfield, Ill., March 16.—Illinois has escaped the bank failures that have resulted in a number of states this winter.

This state has had no state bank failures since January 1, 1921, when a law passed by the Fiftyeth General Assembly more than two years ago, compelling private banks of the state to enter either the state or national system, went into effect.

Insurance is made by Andrew Russell, auditor of public accounts. The financial condition of state banks today, he says, is excellent.

On January 3, last, Illinois had 1391 state banks, 141 of which were located in Chicago. These banks represent an investment on the part of their stockholders of \$134,448,905. Their deposits aggregated \$1,520,518,462.30. Nineteen state banks have been added to the list since the first of January, making the present total 1410.

Walter Wright made a business trip to Springfield Thursday.

## ALSACE POTASH MINES AGAIN BEING WORKED

Mines Now Under French Control Restored to Working Order—France Rivals Germany in Production of This Fertilizing Agent.

New York, March 17.—The potash mines of Alsace, which before the war were operated by the Germans but are now under French control, have been restored to working order and France has again become a rival of Germany in the world's markets as a producer of this fertilizing agent, say French agents here. Prior to the war the Germans controlled virtually the only source of the world's supply of potash, and while the great conflict was in progress farmers everywhere suffered from lack of it.

With the restoration of Alsace to France, French engineers began the work of restoring the mines to activity and after two years of effort now announce shafts repaired and refining plants put in working order.

The Alsace potash beds are believed to be the richest in the world, containing 3,000,000 tons of pure potash and, according to estimates, are capable of supplying the entire world for more than three centuries. The mines occupy a field lying near Mulhouse. In the mine corridors crystalline salts are seen lying in horizontal strips of red, white, pink and grey, so alternating as to give the impression of an immense flag.

Springfield, Ill.—With one exception, the present state officers of the Daughters of the American Revolution, headed by Mrs. H. Eugene Chubbuck of Peoria, State Regent, will be re-elected, according to present expectation when the D. A. R. meets in annual convention in Jacksonville, March 22 to 24.

The exception is that of Mrs. Henry Clay Ettinger of Springfield, the present state treasurer, who has declined to be a candidate for another term. Mrs. Ettinger has been state treasurer for the past three years.

Mrs. Millard T. Black of Chicago will be a candidate for vice-president general from Illinois of the national society. It is reported, Mrs. Black has served as chairman of a number of national committees and is a charter member of the national society. If she is nominated, her name will be presented to the continental congress of the D. A. R. in 1922, when the seven candidates receiving the highest number of votes will be elected.

The Illinois division of the D. A. R. is the third largest in the United States.

Following are the present Illinois officers:

Mrs. Eugene Chubbuck, state regent; Peoria; Mrs. Frank O. Lowden, state vice-regent; Chicago; Mrs. Frank W. Bahnen, vice-president general for Illinois; Rock Island; Mrs. Nevin C. ## SUGAR WORKERS STRIKE COST MILLIONS

Honolulu, T. H.—By the Associated Press.—Last Spring's strike of workers on the sugar plantations of the Island of Oahu on which Honolulu is situated cost employers and employees approximately \$17,000,000, according to official and semi-official estimates from both sides.

Leaders in sugar circles, who say their estimate of strike costs has just been completed, declare that the expense of the strike to the plantations was \$20.50 per ton on the entire crop, or about \$12,000,000.

The Hawaii laborers' association, the Japanese organization which was the backbone of the strike, announced recently that the workers lost \$4,000,000 in wages and bonuses, while administering the strike cost an additional \$1,000,000.

## AT 58, ILLINOIS WOMAN FEELS WELL AS A GIRL

**Fifteen Years of Stomach Trouble Overcome and She Gains Twenty Five Pounds by Taking Tanlac.**

"I just wish I could tell you how well and happy I really am since taking Tanlac. For I have actually gained twenty-five pounds since taking it," said Mrs. Frances Schlosser, of 242 Fourth street, La Salle, Ill.

"For fifteen years my stomach troubled me terribly, and I had awful spells of nausea which simply kept me miserable. I finally had to undergo an operation for appendicitis and after I got back from the hospital I was in a dreadfully weak, run-down condition. I couldn't regain a bit of my strength and was rapidly getting weaker all the time.

"I suffered with the worst kind of headaches, and had blinding

dizzy spells, my nerves were so shattered that sleep was almost impossible and at times I became icy cold, even on the hottest days. Nothing seemed to do me a particle of good, and I was going down hill so fast that I was very despondent over my condition.

"When I started on my second bottle of Tanlac I was feeling stronger, so I kept taking the medicine and kept on improving until now I'm feeling like an entirely different person. I am no longer troubled with headaches or dizziness and my nerves are in splendid condition again. Although I am now fifty-eight years of age I actually feel as well as when a girl and I just can't find words to express my gratitude to Tanlac."

Tanlac is sold in Jacksonville by Coover Drug Co. and J. F. Shreve, Wyle Drug Co., Franklin and Waverly, and leading drug store in all cities.—Adv.

### HOW TO PREVENT HEAVY MANURE LOSSES

Wholesale wasting of the fertility of manure as it is practiced in the corn belt is unheard of in the older agricultural countries of the world. No product on the farm responds so well to good treatment and so greatly deteriorates with improper care and management.

O. H. Sears of the University of Illinois makes some suggestions lessening the manure losses.

"The first and most important way of decreasing losses," he says, "is to haul the manure of the fields as produced. Any leaching that takes place then goes directly into the soil where it is needed and the loss from fermentation is much decreased, especially if the manure is scattered as it is hauled.

"At times when it is impracticable to haul the manure to the fields it is important to remember two fundamental facts. That loss by leaching takes place when we have too much water and fermentation when we have too little. To prevent loss of nitrogen by decomposition the manure should be kept wet and compact. These tend to keep out the oxygen supply and to hold its temperature down due to the high specific heat of the water."

Mr. Sears says that a very successful way of maintaining these conditions is to keep the manure in a covered shed or in the basement of a bank where the hogs have an opportunity to work over the manure and thus keep it fairly compact and moist.

"Where covered sheds are not available for feeding cattle," he continues, "the feeding lot ought at least be paved either with brick or concrete. Experiments have shown that the cost of paying the lot will be saved in two feeding periods of six months each in the increased value of the manure. As a matter of fact it has been the experience of many feeders that there is little manure of any kind saved where the lot is not paved."

The best results are obtained in spreading when the manure spreader is used as this insures evenness of distribution and also requires less labor than the other methods.

### JAPANESE WOMEN WANT PRIVILEGES

Ask for Abolishment of Law that Prevents Them from Attending Political Meeting.

TOKIO — By The Associated Press.—"Japanese women are beginning to awake to their real position," declared Representative Ichinomiya in the Diet while favoring the bill to abolish the law which prevents women from attending political meetings or joining political associations. The measure which was supported by members of all parties in the House is regarded as an important step in the emancipation of Japanese women.

"Socialism and women's suffrage," continued Representative Ichinomiya, who belongs to the governmental Seiyukai party, "constitute the two great streams of the world-wide social movement. The women of Japan are coming into contact with the broad current of international thought. It is quite natural and right that the fair sex should, under these circumstances, aspire to share with men, political privileges.

"The women are now allowed to discuss and read journals and books dealing with political problems and yet they are denied the right to attend political meetings. This is at once absurd and unwise, and if the government does not make way for the natural claim of the women the time may come when the authorities may find themselves forced to do so thru the ever-growing pressure of the progressive times."

Representative Matsumoto, Independent was another warm advocate of the proposed change. "In giving the 30,000,000 women of Japan," he said, "a chance of acquiring political knowledge the government will take a broad stride towards real national development. Women should not only be admitted into public meetings of political significance, but should also be entitled to the right of organizing political bodies of their own if occasion requires. The self-awakening of the fair sex is a fact that cannot be gainsaid. Society has attained such a marked advancement that, without political knowledge and comprehension, no women can be competent wives and mothers in the future."

Not only should the objectionable regulation be abolished in the opinion of Representative Koyama of the Kenseikai opposition party, but the law forbidding laborers to organize unions should be done away with. "The time has passed," emphasized the speaker, "when women and laborers can be pressed down with impunity."

A committee is now considering the women's bill.

### CAUSE OF GERMINATION IN LEGUME SEEDS

Seeds need oxygen for respiration while in storage, but need far more oxygen during the active process of germination. Many samples are drowned in the attempt to start growth by use of excessive moisture. While it is true that the seed often takes several times its weight in water at the beginning of germination and can stand a large supply at this point, yet at no time would oxygen be shut out entirely by too much moisture. This will help to explain why seeds sometimes rot on the germinator and in water logged soils.

For most legume seeds like the clovers, a temperature of about 70 degrees F. should give good germination. Soybeans and cowpeas need a little higher temperature for best results—say from 75 degrees to 80 degrees F. Within limits, the higher temperature will hasten the germination.

The only other condition necessary for germination is water. Legume seeds in general are peculiar in that many of them have a hard seed coat, which will not readily permit the passage of water. Red clover, alsike clover, soybeans and cowpeas all have on the average less than 10 per cent hard seeds. White clover and alfalfa rank a little higher with 10 to 15 per cent. For hard seeds, sweet clover stands in a class by itself, the average being about 50 per cent.

Hard seeds cannot germinate for lack of moisture. Anything that will render the seed coat permeable to water will increase the germination. Early seeding will increase the growth of hard seeds due to the action of the frost. Machine hulling increases the germination over hand hulling by cracking the outer hull. Fanning and screening will also scratch the seed coat to some extent. By running sweet clover seed which germinated only 40 per cent thru a machine called the scarifier the germination was increased to 85 per cent; twice thru increased it to 95 per cent.

### COMMUNITY COMMON SENSE

By H. A. Hollister  
An essential feature of life in a community is to be found in the appreciation by its members of fundamental community values. What does your community mean to you? What is there in its essential to your life as its best which the community as a whole makes possible?

We have seen that early communities were formed for mutual protection. Now they represent aggregations of people for interchange of services. But there is also present still the element of protection. To be sure the danger from hostile neighbors or an invading enemy is at most very remote. But there are dangers growing out of the very progress resulting from the inventive genius of men. Perhaps the most important of these present day risks is to be found in the automobile and the accompanying speed craze. The protection of the individual from this resulting danger can come only through community action in enforcing rigidly the speed regulations. In their disregard for proper speed limits men are doing so not only at the risk of death or injury to themselves but they are taking the lives of others in their hands.

Through community action, the guarding of railroad crossings in towns and cities has been secured. A similar insistence has brought about better protection of workers in factories from injury or death from machine accidents. In all such instances of community action there is emphasized also the responsibility of individuals for general community welfare.

A like principle applies in matters of health. The care which individuals in the community take with regard to sanitary conditions will largely determine the healthfulness of that community. Stagnant water in basements may start a diphtheria epidemic, or a polluted well of other family water supply may bring upon a community a typhoid fever or other scourge. The disregard of rules against spitting on floors of public buildings or cars, or one the street pavements, may increase the ravages of the white plague. So also, the disregard of vaccine orders, or of quarantine, may be the cause of much illness and many deaths in the neighborhood.

The general community welfare and the happiness, health and safety of individuals are very closely related. The individual who is careless of the health or safety of himself and of others is thereby doing violence to one of the most fundamental articles in the code of good community living. It is a part of the duty and obligation of every person in a community to see that all necessary laws of health and safety are observed.
